### Question 1

From: Councillor Ray Moon

To: Cllr Hugo Pound

Housing Associations are not for profit organisations set up to provide Social and Affordable housing and support local communities. They do not make profits for shareholders instead they invest all the income they make into delivering on their Social purpose.

Can the leader of the Borough Partnership Coalition including all the leaders of the party's within that Partnership confirm that from 2018 – 2019 there were 6,200 homes for social rent and from 2022 -2023 there were 6,154 a Net Loss of on these figures presented to me of 46 dwellings in the Borough. With a confirmed selling of 39 Social Rented homes since 2022 can this contradiction in the figures within the last Full Council minute be explained to me and to all the residents living in the Borough. I ask that my questions be answered in an Open and Honest way to ensure that the Regulator of Social Housing has been accurately informed of any Relevant Disposals made by Town & Country Housing concerning Social Housing over the last 5 years within the Transaction Category 1. Out of Sector. where "the provider making the notification will not, after the disposal, be the landlord of the current Occupier or any future Residential Occupier.
