This report makes the following recommendations to the final decision-maker:

1. That the Committee **notes** the risk management report and arrangements for managing strategic risk.

This report relates to the following Five Year Plan Key Objectives:

- A Prosperous Borough
- A Green Borough
- A Confident Borough

This report is concerned with the internal control and governance of the Council. Successful controls and effective governance are a crucial underpinning for all corporate priorities.

Strategic Risk Review

1. PURPOSE OF REPORT AND EXECUTIVE SUMMARY

- 1.1 This report sets out the strategic risks identified by the Council and currently being managed and tracked by senior management. The report provides a current update on the evaluated threat level and controls in place for each risk issue.
-

2. INTRODUCTION AND BACKGROUND

- 2.1 The risks included in the report were initially developed in a risk management workshop facilitated by Zurich Management Services on 10 December 2013, with the risks being formally adopted by Cabinet on 16 May 2014. Since that time, risk owners have kept the risks and controls under review with periodic reporting both to the Cabinet and the Audit & Governance Committee.
- 2.2 Following the award of a new insurance contract a strategic risk management review will be undertaken.
- 2.3 The Council's Management Board periodically reviews the risks identified along with the risk owners.
- 2.4 Risk owners (managers) for certain risks are invited to attend the Audit and Governance Committee meetings to outline the Council's approach to managing their particular risk(s). For this Committee meeting, members will be able to examine the risks owned by David Candlin, Head of Economic Development and Property, namely:
- Risk 2: Being unable to maximise economic opportunities and resolve infrastructure issues; and
 - Risk 10: Development Programme.
-

3. AVAILABLE OPTIONS

- 3.1 There is no legal requirement on the authority formally to monitor its risks, still less is there a defined framework to do so. Although failing to monitor and record risks will leave the Council vulnerable to external criticism – for example by its external auditors who are required to assess the effectiveness of risk management when considering their annual Value For Money conclusion – the Council could decide that is a price worth paying against using some of its resources to identify and monitor risk.
- 3.2 Even accepting the utility in gathering systematic monitoring information on the risks it faces, there is a wide range of different approaches the Council might adopt. Even if one looks solely at the local government sector, there are myriad

formats, structures and arrangements adopted to record and present information to senior officers and members.

4. PREFERRED OPTION AND REASONS FOR RECOMMENDATIONS

- 4.1 The report sets out the risks using the methodology and format previously agreed by the Council, which is essentially the method advocated by Zurich from the 2013 risk workshop.

5. CONSULTATION RESULTS AND PREVIOUS COMMITTEE FEEDBACK

- 5.1 The Strategic Risk Register has undergone periodic review and examination by the Council's Management Board, the Cabinet and the Audit & Governance Committee. This stands in addition to ongoing monitoring by the identified risk owners. This report incorporates feedback and updates from all sources.
