Address: Town Hall, Mount Pleasant Road, Royal Tunbridge Wells, Kent TN1 1RS

Email: duncan.haynes@midkent.gov.uk

On Behalf Of: TWBC Environmental Protection

Comments

The Environmental Protection Team wishes to object to the application for variation on the grounds of public nuisance.

In principle we may be content to simplify the description of the category of events but would wish to fully establish any negative impacts this may have on residents in term of increasing numbers, frequency or size of events.

Of greater concern are the proposals to increase the length of time that large events will continue and the extension of time that music is proposed to be played. The environmental protection team has received complaints about not just large events but also the current category 3 events on the site from residential premises. Difficulty has also been experienced in obtaining evidence of compliance with current conditions at previous events.
