Asset Management Plan 2020/21

1. PURPOSE OF REPORT AND EXECUTIVE SUMMARY

- 1.1 This report presents the Asset Management Plan (AMP) 2020/21 for consideration of approval by Cabinet.
 - 1.2 The AMP supports the Council's Corporate Priorities and the Five Year Plan, along with other strategic documents such as the Medium Term Financial Strategy.
-

2. INTRODUCTION AND BACKGROUND

- 2.1 The Asset Management Plan for the period 2020/21 provides a management strategy for the Council's property assets. It details the principles, procedures and mechanisms to be adopted that effectively and efficiently manage the Property Asset Portfolio. It summarises the value and composition of the current portfolio and evaluates specific actions for the previous financial year relating to the Council's property estate, and identifies the main portfolio ambitions for 2020/21. This AMP has been produced in early 2020 part way through the financial year and therefore figures and details will change as the year progresses. Some figures are subject to updating as the year progresses.
- 2.2 The portfolio is currently valued at £106.77 million (31/03/19).
- 2.3 So far this financial year the Council has negotiated lease renewals, new lettings and rent reviews to an increased value of approximately £109,000 annually on Council property, excluding transfers to the new property company. Property and Estates Services have established and will support the activities of Tunbridge Wells Property Holdings Ltd.
- 2.4 In addition, all property rentals that are subject to an annual rental increase at the RPI were increased over this financial year to date, resulting in a rental increase of £7,000 per annum. These reviews are usually based on the previous year's RPI figure which was 3% for April 2018/19.
- 2.5 Vacant space on the portfolio has been reduced by letting or licensing space to reduce occupation liabilities and to achieve rental income. Property and Estates continues with the disposal of surplus land held by the Council from the review that was commenced a few years ago, continuing to identify and dispose of specific sites for development for affordable housing, for private residential development or other regenerative purposes.
- 2.6 The Planned Maintenance Programme for the financial year 2019/20 will have completed works to the value of £600,000 to ensure compliance with statutory requirements and to carry out priority repairs and upgrades to maintain assets and prevent dilapidation.

- 2.7 Capital projects to the value of £600,000 have been progressed or completed 2019/20.
- 2.8 Capital receipts to a total value of £1.696 million have been received from the disposal of surplus land and a property asset.
- 2.9 In addition a ransom strip of land has been acquired to significantly increase the value and potential of a site already in the freehold ownership of the Council.
- 2.10 As part of the partnership with KCC, the Council has acquired the former Museum and Library building and former Adult Education buildings in readiness to commence the development of the Amelia Scott cultural hub in Quarter 1 2020.
- 2.11 Agreement to progress the Royal Victoria Place mall refresh was completed on 06/11/2019. This comprises a £11 million refresh by British Land with a contribution of 10% provided by TWBC in accordance with the terms of the lease.
- 2.12 The Asset Management Plan outlines the forward projection and management strategy for the Property Asset Portfolio in 2020/21. It identifies the aims and objectives for next year.
