Strategic Risk Register

1. PURPOSE OF REPORT AND EXECUTIVE SUMMARY

- 1.1 This report sets out the strategic risks identified by the Council and currently being managed and tracked by senior management. The report provides a current update on the evaluated threat level and controls in place for each risk issue.
-

2. INTRODUCTION AND BACKGROUND

- 2.1 The risks included in the report were developed in a risk management workshop and health check facilitated by Zurich Insurance Limited on 25 March 2019, with the risks being formally adopted by Cabinet on 1 August 2019. Since that time, risk owners have kept the risks and controls under review with periodic reporting both to the Cabinet and the Audit & Governance Committee.
- 2.2 The Council's Management Board periodically reviews the risks identified along with the risk owners.
- 2.3 Risk owners (managers) for certain risks are invited to attend the Audit and Governance Committee meetings to outline the Council's approach to managing their particular risk(s). The this meeting of the Audit and Governance Committee will be able to examine the risk(s) owned by Stephen Baughen, Head of Planning, namely;
- Risk 8: Local Plan Adoption – Housing.
-

3. AVAILABLE OPTIONS

- 3.1 There is no legal requirement on the authority formally to monitor its risks, still less is there a defined framework to do so. Although failing to monitor and record risks will leave the Council vulnerable to external criticism – for example by its external auditors who are required to assess the effectiveness of risk management when considering their annual Value For Money conclusion – the Council could decide that is a price worth paying against using some of its resources to identify and monitor risk.
- 3.2 Even accepting the utility in gathering systematic monitoring information on the risks it faces, there is a wide range of different approaches the Council might adopt. Even if one looks solely at the local government sector, there are myriad formats, structures and arrangements adopted to record and present information to senior officers and members.
-

4. PREFERRED OPTION AND REASONS FOR RECOMMENDATIONS

- 4.1 The report sets out the risks using the methodology and format previously agreed by the Council, which is essentially the method advocated by Zurich from the 2019 risk workshop.

5. CONSULTATION RESULTS AND PREVIOUS COMMITTEE FEEDBACK

- 5.1 The Strategic Risk Register has undergone periodic review and examination by the Council's Management Board, the Cabinet and the Audit & Governance Committee. This stands in addition to ongoing monitoring by the identified risk owners. This report incorporates feedback and updates from all sources.
