Recommendations

Officer / Committee recommendations as supported by the Portfolio Holder:

1. That Cabinet note the actual gross and net expenditure for the year and the sources of finance, as shown in Appendices B to D.
2. That Cabinet approve the proposed variations to the Capital programme, set out in note 4.3 to 4.5.
3. That Cabinet approve the proposed movement between years set out in note 4.6.

4. That Cabinet approve the new Capital Applications detailed in Appendices G and H.

1. Introduction and Background

- 1.1 This report summarises the actual and forecast outturn expenditure on capital schemes as at the 30 June 2021. The total capital expenditure is forecast to be £18,712,000, a net increase of £387,000 from the previously approved budgets. This consists of a decrease of £110,000 in spending rescheduled to 2022/23 and an increase in the forecast projected spend of £497,000. An increase of £854,000 is also forecast for 2024/25.

2. Capital Management to 30 June 2021

- 2.1 At their meeting on 11 March 2021, Cabinet approved schemes to be met from the Capital Programme for the years 2021/22 to 2023/24.
- 2.2 The figures approved by Cabinet were on the basis of the net cost after specific funding to be met by the Council, either from reserves or from the sale of existing assets. The total approved spending was £13,811,000 during that period, of which £12,103,000 was to be spent during 2021/22.
- 2.3 As shown in Appendix A, the approved programme for 2021/22 moved to £18,325,000 by the end of the 2020/21 financial year, accounting for new schemes, deletions and deferrals into future years and was approved by Cabinet on 24 June 2021.
- 2.4 As the Capital Programme is a 4 year rolling plan an additional £854,000 has been included for approval for 2024/25. This consists of Disabled Facilities Grants and Housing Renewal advances.
- 2.5 New movements for 2021/22 are now forecasting an outturn of £18,712,000.
- 2.6 Appendices B and C set out in gross and net terms the actual spend and amounts approved against the forecast outturn to 31 March 2022, while Appendix D summarises the movement in approvals and in sources of finance for the year.
- 2.7 Approval is sought for an increase in the capital programme of £497,000 for 2021/22 (see notes 4.3 to 4.5).
- 2.8 Approval is also sought for £110,000 gross expenditure to be deferred into 2022/23 (see note 4.6).
- 2.9 There may be small differences in the figures within the report and appendices due to rounding.

3. Options Considered

- 3.1 Retain the approved rolling capital programme as at the end of Quarter 4 2020/21. This would not reflect delays, advancements, underspends or new schemes and therefore provide an inaccurate forecast to the end of the financial year.
- 3.2 Amend the rolling capital programme to reflect changes since the end of Quarter 4 2020/21. These projections help to manage the public finances effectively which support the objectives and priorities of the Council.

4. Preferred Option and Reason

New Budget Approvals

- 4.1 Appendix A shows how the approved capital expenditure has evolved since the programme was first agreed (CAB 109/20). The amounts approved for schemes at the June Cabinet meeting have been added to the figure then reported as total approvals as at 1st April 2021.

Projected capital expenditure and funding for 2021/22

- 4.2 Appendices B and C set out the actual expenditure and income to date and the projection for the year for gross and net capital expenditure. Depending upon the progress of the capital programme throughout the year it can be seen that £5,329,000 will be required from earmarked reserves, Usable Capital Receipts Reserve, Sale of Fixed Assets, or further borrowed funds to deliver the complete capital programme of £18,712,000.

Variations requiring approval

- 4.3 Additional budget of £424,000 is required for the Disabled Facility Grants (TAC). This is to be funded by a greater than expected grant from the Ministry of Housing, Communities and Local Government for the current financial year.
- 4.4 Further budget of £18,000 is required for the Packs in The Wood Refurbishment (TJJ) to undertake additional grounds work to the garden and entrance to bring the exterior to the same good standard as the interior.
- 4.5 The Town Hall (TKL) roofing works have now been tendered, resulting in the need for a further budget of £55,000, to be funded by borrowing. This is due to an uplift in material prices since the pandemic delayed the tendering process in the last financial year.

Schemes deferred to future years

4.6 There are two projects where implementation has been rescheduled, and Cabinet approval is requested to defer these budgets to 2022/23 (see Appendix B):

- Works to the Bayham Changing Facilities (TKH) have been delayed due to ongoing discussions relating to the lease of the football pitches. The budget of £75,000 has been moved to 2022/23 accordingly.
- As above, the Bayham Drainage (TKJ) budget of £35,000 has also been moved to 2022/23 whilst discussions take place.

Capital Disposals

4.7 During the quarter total payments from capital disposals of £215,000 were received;

- Land at Speldhurst Road for £160,000
- Land at Acer Cottage for £55,000

This amount was transferred to the capital receipts reserve and used to finance some of the capital projects, as can be seen in Appendix D.

4.8 The usable capital receipts unspent at the end of 2020/21 were £2,118,380, which will now be used to fund the capital programme for the coming year.

Housing renewal Advances

4.9 Housing Renewal Advances (TAD) are discretionary loans given to vulnerable householders, owners of empty properties and accredited landlords to help improve the living conditions in the Borough. No grants have been distributed this year to date, although £14,700 has been received from repayments of previous loans

4.10 As approved by Cabinet in September 2012, a Housing Renewal Reserve was set up to capture all loan repayments. It was intended that in the future Cabinet would use these sums to fund new loans, reducing or removing the necessity to draw from other Council reserves for funding. From 2016/17 we have utilised this reserve and will for all future advances. Appendix E gives a summary of expenditure and receipts over the last 6 years.

Section 106 Developer Funding

4.11 Section 106 of the Town and Country Planning Act 1990 allows a Local Planning Authority (LPA) to enter into a legally-binding agreement or planning obligation

with a developer in association with the granting of planning permission. Total Section 106 monies unspent and available as at 30 June 2021 is £6,976,000. Of this sum, £1,731,000 has been approved and allocated by Cabinet for various capital projects.

- 4.12 It should be noted that a number of these agreements are required to be repaid should the Council not find appropriate projects upon which the monies can be spent within the agreed time period. Appendix F summarises the allocation of Section 106 money and also analyses the dates on which these agreements expire.
- 4.13 The expired contribution of £47,000 from 2019/20 relates to transport improvements in the vicinity of Fountains Retail Park. The Council has sought the developers' approval to undertake an alteration or addendum to the S106 agreement to use this funding for a similar purpose at a later date and is currently awaiting a response.

5. Consultation on Options

- 5.1 All capital adjustments have been discussed with the appropriate Officers responsible for each scheme. Management Board have also reviewed these proposals and consider them appropriate.

Recommendation from Cabinet Advisory Board

- 5.2 The Finance & Governance Cabinet Advisory Board were consulted on 7 September 2021 and agreed the following:
