Subject: An urgent fare increase

Dear Sharon

Hope you are well?

Because the unsure times that we are in with cost of living going up and oil prices going up, it's left me no option to ask for an urgent fare increase.

I have made some changes that all fares go up by 80p ie £4.80 start and fare and half starts at £6.80.

The weekend surcharge has been abolished so no more.

The 20p surcharge per person over two has been changed to to 50p per person over four so MPV which use more fuel are not penalise anymore.

The spoilage charge upto £100 has Cost gone up.

I have add ulez into charges that can be pass over.

Regards
