- 2.3 The Treasury Management Code 2021 confirms a requirement to prepare a Treasury Management Policy and Strategy setting out the Council's policies for managing investments and borrowing, providing the following:
 - the capital plans (including prudential indicators)
 - a minimum revenue provision (MRP) policy showing how capital expenditure is charged to revenue over time
 - the Treasury Management Strategy showing how the investments and borrowings are to be organised including treasury indicators
 - an Annual Investment Strategy showing the parameters on how investments are to be managed
- 2.4 CIPFA defines treasury management as 'the management of the local authority's borrowing, investments and cash flows, its banking, money market and capital market transactions, the effective control of the risks associated with those activities, and the pursuit of optimum performance consistent with those risks'.

- 2.5 The suggested Treasury Management Policy and Strategy 2023/24 is presented in **Appendix A** to this report.
