

Tunbridge Wells Borough Council is allowing developers to fill our town with inappropriately large-scale property developments, with second rate architecture and little to no parking. Road, parking and general infrastructure cannot take it.

- 112 flat, Calverley House, not one parking space.
- 110 room Premier Inn hotel on London Road, 17 car ear parking spaces.
- 110 apartments, old cinema site.
- 127 flats at Union House, Pantiles.
- 20,000+ sq ft in Vale House, off London Road soon to be flats.
- 48 flats and no parking at 7-9 Londsdale Gardens.

We the undersigned demand that Tunbridge Wells Borough Council apply some joined up thinking and develop a strategy for quality development. Stop saying 'yes' to large, obtrusive developments that are not sympathetic to the town.
